Weather Probabilities.
For this section for tonight: Friday, uncertain; moderate temperature; light variable winds.

MONUMENT ASSOCIATION.

The Washington Monument Association met this morning at 10 o'clock at Judge Norton's office. President Wm. B. Smoot presided and Mr. Alex J. Wedderburn was secretary. A large amount of routine business was transacted. The principal business of public interest was the adoption of resolutions requesting the Virginia senators and Congressman Carlin to introduce and secure the passage of a bill in Congress along the line of the original Rixey bill authorizing the issuing by the mint of 200,000 silver half dollars—the association to pay for the silver and mintage—the proceeds to be used in the erection of the monument to Washington and the restoration of Fort Ellsworth and making approaches thereto. The secretary, on motion of Mr. F. L. Slaymaker, was authorized to announce that any responsible association of ladies or gentlemen could secure the use of George Washington Park and the Golf Club House without expense, except for cleaning up the premises.

DEATH OF E. RYDER.

Mr. Ephraim Ryder, formerly superintendent of the Washington and Ohio division of the Southern Railway, died at Atlantic City last night. The deceased was about 53 years old. He leaves a daughter. His remains will be forwarded to Maine where the interment will take place. Mr. Ryder at the time of his death was superintendent of the Chicago, Indiana and Southern Railway, a part of the New York Central system. The deceased left this city in 1901 for Illinois, where he filled positions of trust on railroads. During the time he was with the Southern Railway in this city he made many friends and acquaintances, all of whom will regret to learn of his death. He was always glad of an opportunity to accommodate Alexandria merchants, and, as far as possible, did all he could to enhance the commercial interest of this city.

TO BUILD SUMMER COTTAGE.

Messrs. Harvey Francis and Floyd Saunders, two popular young Alexandria business men, are building a handsome cottage at the Dyke just below this city. It is of hard wood finish and contains two large rooms. The Dyke is fast growing in favor both with the sports and mosquitoes, both of which seem to have a good time—the former feasting on the good things of life and the latter playing a merry tune around the heads of the pleasure seekers, sometimes making night hideous. It is said that this species of bird is as large in this section as they are in the marshes of the Delaware river or on the New Jersey coast.

AMUSEMENTS.

The Opera House continues to attract great crowds and the pictures presented each night are sure to please. This is one of the best and safest buildings in this city for such a show as it is roomy and has at least five means of exit. Beginning next Monday night and continuing three nights that old familiar melodrama, "Ten Nights in a Barroom," will be presented by local talent, and the presentation of it in the past is sufficient guarantee that the play this time by almost the original cast will be good. As will be seen by the advertisement on this page, the pictures selected for tonight are of a top-notch order.

WEIGHT OF MEAL.

State Food Inspector Jones has been in this city during the past few days to enforce the state food laws as to quality, quantity and weight. He informed all dealers that the old law making 50 pounds of meal a bushel is still in force and must be observed; also that a bag of meal must weigh 100 pounds and be tagged, the tag to set forth what is contained in the bag, its weight, and if the manufacture of the meal is properly registered. For some years past 48 pounds has been considered a bushel of meal in this section of the state.

WILL PROBATED.

The will of the late Mrs. Fanny Bendheim, who died recently, was admitted to probate today. It is dated February 21, 1902. The deceased left her estate, valued at about \$7,000, to her husband, David Bendheim, during his life, and at his death to be divided equally among her six children. Mr. Bendheim died April 8, 1904. Today Mr. Louis Bendheim qualified as administrator of the estate of both his father, David Bendheim, and his mother, Fanny Bendheim.

ARRIVAL OF ICE SCHOONERS.

The four-mast schooner Alice Holbrook, from the Kennebec with ice for the Mutual Ice Company, arrived yesterday. The four-mast schooner Lucinda Sutton, also from the Kennebec with ice for the same company, arrived early last night. As will be seen by their advertisement, the company desires to secure a force of men to unload the schooners as soon as possible.

COLUMBIA FIRE COMPANY.

A meeting of the Columbia Steam Fire Engine Company was held last night at which considerable business of interest to the company was transacted. It was determined not to give an excursion on the 23d instant, as had been announced. The company will request the fire wardens to direct the paid members of the fire department to keep all boys away from the engine houses and wagons of the company.

INSPECTION.

Messrs. Thos. Bernard, of Greensboro, G. W. Walker and M. Murphy, of Alexandria, all of the Southern Railway, arrived in town Tuesday night on the southern. An inspection of the road between Harrisonburg and Strasburg is to be made within the next few days. —(Harrisonburg Times.)

The child was taken to Dr. Moore, who, after dressing the wounds, sent him to the Alexandria hospital. His injuries, while painful, are not considered serious.

NEW BANK.

As heretofore stated arrangements have been made by a number of residents of Alexandria county to hold a meeting at 7:30 o'clock tonight at Mr. Ida to consider the advisability of starting a bank, the prime purpose of which will be to loan money to home builders in this and Fairfax counties. A number of prominent men are back of the movement.

Caine Bombastus was a noble praetorian of the Roman Empire in the days of Nero. One morning while strolling thru the gardens of the Palatine he came upon a beautiful slave girl from the Grecian Archipelago. With the lovely eyes of a gazelle and a form like the Venus of Milo, she bowed before the great Tribune and murmured: "Master where art thou going?" But Mr. Bombastus wouldn't bide. Winking his left eye he said: "Stand aside little bright eyes and let me pass on to the Auth Stand to see Mr. Einstein and get some of those irresistibly delicious Auth Products."
